Having Just completed my level 3 NVQ  
in health and social care, I felt that the level  
of support I received was overwhelming  
I was given fantastic guidance & advice  
on all the areas of the NVQ and was  
supported throughout the whole of the course.  
I am not ashamed to admit I considered  
leaving the NVQ unfinished as my home life style  
was very demanding, early my tutor  
gave me 110% of her time, she made herself  
available when ever I could fit it in, and would  
come to my home she encouraged me and believed  
in me and it made me see I could achieve more  
in life, and from finishing the NVQ Level 3  
I applied to do the nurse access course at  
Darlington College, and believe this was a  
main factor to been accepted for the course  
as it showed I had done the level 3 and  
was willing to make the effort needed to  
achieve my goal.
